

Raw! Uncut! Video!

Ryan A. White & Alex Clausen

Documentary : 79' / Gay, Explicit Content, Sexuality, Fetish, Porno, BDSM

Raw! Uncut! Video! chronicles the rise and fall of homegrown gay porn studio Palm Drive Video, and explores how a devoted couple helped battle a devastating health crisis by promoting kinky sex. Following the tradition of Hard Nights screenings at previous editions of Queer Lisboa, this documentary celebrates non-normative bodies and sexualities, breaking many prejudices and stereotypes that still prevail in queer communities themselves.
