Jack Fritscher, Ph.D

Lots of Docs in the world of Leather. At least it seems that way. Medical doctors, but especially Ph.Ds. Jack Fritscher is a “specialist in American Literature, Creative Writing, Criticism, and American Pop Culture, including the History of Masculine-Identified Gay Pop Culture.” No mere academic, Dr. Fritscher has published non-fiction, fiction, erotica and is also an accomplished photographer. Among his many books are *Mapplethorpe: Assault with a Deadly Camera* and *Some Dance to Remember*. Find out more about him at his website, [here](#).
