

DRUMMER

"If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music he hears, however measured or far away."

77 DEAR SIR!

Get your boots and saddles ready to ride!

CAUTION: Every decision a person makes, including the decision to get out of bed in the morning, has some degree of risk associated with it. We strongly believe that each competent adult must set for themselves the level of risk he or she is willing to accept. Some avoid crossing streets in heavy traffic—others stunt-ride motorcycles without a helmet. However, to intelligently confront and accept risk, a person must understand the dangers. While Drummer hopes to educate its readers on a wide variety of topics, its main purpose is to entertain! Works of

fiction presented in this magazine are just that—fiction! They are not in any way intended to suggest or describe activities that anyone should—or often could—actually do. They are meant for entertainment only.

In other than fictional pieces we will emphasize safe sex with respect to contagious diseases and safe and sane behavior with respect to all activities, and will try to point out all activities which deviate from generally recognized safe-sex and safe-

and-sane play activities.
